

IF YOU HELP US WE CAN:

- Raise enough money to build a real animal shelter.
- Save many more lives.
- Run an education program to teach children responsible pet ownership.
- Provide a low cost spay and neuter scheme for people who need help.
- Provide a real animal ambulance service for Cork City.
- Provide a lost and found service for missing pets.
- Provide temporary foster homes for strays and unwanted animals.
- Have our own RSPCA trained animal welfare inspector.
- Break the endless cycle of pain and suffering which affects the strays.

*Our goal, a purpose built
animal shelter for lost
and unwanted animals*

The Animal Care Society was formed in

October 2000 to address the concerns of people who care about animals in Cork City and County. More than 8000 unwanted dogs and cats are born every year in this county and more than two thirds end up on the streets, starving and in misery, or they are put down by the local pounds that deal with unwanted animals.

The ACS is determined to change this endless cycle of pain and suffering.

We are made up of volunteers who give all their time and effort to help the animals.

Your regular monthly contribution, however small, will allow us to obtain a mortgage when a suitable site or premises is found or to build our own sanctuary.

IN THE POUND
HE'LL BE **DEAD**
NEXT WEEK...

Unwanted and unloved

His only future a short life full of hunger, fear and pain.

The **ACS** believes that the only way to break this endless cycle of neglect and misery is to promote spaying and neutering on the widest possible scale.

Your monthly donation allows us to expand our current scheme and make it more widely available.

We must tackle the problem of unwanted animals at the source

To do this we must educate people on the consequences of unchecked breeding.

...But it doesn't have to be that way. Give us a hand and we'll try to find them a home!

JUST LIKE WE DID FOR THEM!
